4.9.4. An Article in an Online Periodical

Periodical publications online include scholarly journals, newspapers, and magazines; works and other materials within such publications include articles, reviews, editorials, and letters to the editor. In general, follow the recommendations in 4.7 for citing parts of print periodicals, modifying them as appropriate to the electronic source. The typical entry for a work in an online periodical consists of the following items:

1. Author's name (if given)
2. Title of the work or material (if any; a review or letter to the editor may be untitled), in quotation marks
3. Name of the periodical (underlined)
4. Volume number, issue number, or other identifying number
5. Date of publication
6. The number range or total number of pages, paragraphs, or other sections, if they are numbered
7. Date of access and network address

If you cannot find some of this information, cite what is available.
